DEAR FRIENDS AND PARTNERS:

Thanks to your partnership and support, 2012 was a banner year for CommonBond Communities. Together we served over 8,600 people who call CommonBond home across nearly 100 different housing communities. The average household income across our housing portfolio is $17,500. Now more than ever, our dignified housing with services provides families, seniors and people with disabilities a platform for success.

During 2012, CommonBond built or preserved a total of 325 homes in six different communities representing an investment of nearly $50 million. This includes three new senior housing developments - Bii Di Gain Dash Anwebi and Riverview Senior Apartments in South Minneapolis and Brewery Point in downtown Milwaukee. We also acquired and are preserving a family development in Aitkin, Minnesota and a senior development in Cedar Rapids, Iowa.

Our single largest project in 2012 was the complete renovation of Yorkdale Family Townhomes in Edina, home to 90 families. In this report you will learn more about this vital housing community and the partnerships that made it possible. This accomplishment exemplifies the importance of preserving existing housing so that it remains affordable for the long run. Preservation of existing developments is also a very cost-effective means of providing affordable housing.

We are grateful and excited that December 2012 marked an organizational milestone for CommonBond, the conclusion of our $21 million Open 4000 Doors campaign. The level of productivity we experienced in 2012 and our future opportunities are directly related to the success of this campaign. Campaign funds are being used to provide working capital needed in the early stages of housing development, before permanent financing can be secured. Funds also support the Advantage Services provided to residents to help stabilize their lives, advance academically and economically, and live independently. A small portion of campaign funds will support our move to a new headquarters in 2014.

Completion of the Open 4000 Doors campaign is much more than money. Over the past six years we have expanded our base of friends and supporters and achieved broader visibility and wider recognition for excellence and innovation. We are extremely grateful to all of you who gave generously to this campaign and all of you who support us year after year.

This 2012 Annual Report provides a snapshot of our organization. Thanks to all of you we are meeting our mission to build stable homes, strong futures, and vibrant communities. We are blessed with an outstanding staff and board of directors and remarkable volunteers, donors, and partners. Thank you for believing in us and investing in our work.

Upon arriving at the new Advantage Center at Yorkdale Townhomes, one is immediately greeted with the sights and sounds of happy children. An important component of the newly built Advantage Center, part of Yorkdale’s 2012 renovation, is the Study Buddy program. This program seeks to match young residents with an adult mentor to work on homework on a weekly basis. However, sometimes the results of a Study Buddy relationship go beyond the completion of daily homework.

ASHA & DENYA

Asha is an eighteen-year-old who has been a resident at Yorkdale Townhomes since 2009. She lives with her grandmother who does not speak English and counts on Asha daily for many tasks. Since moving to Yorkdale, Asha has been a very active resident, participating in Camp Fire programs as a younger girl, then working with the Camp Fire organization as a volunteer, and then participating in the Study Buddy program. It is through the Study Buddy program that Asha met the perfect mentor, sounding board and — most of all — friend.

Asha had worked with previous mentors; however, it was in 2011 that she really met her match — a twenty-three-year-old college graduate and transplant from Alaska. Denya came to CommonBond because she was looking for a volunteer opportunity to give back to the Minnesota community. After investigating several non-profits in the Twin Cities area, she settled on CommonBond. She loved the model that CommonBond represented. “They were not only interested in providing affordable housing to individuals and families,” says Denya, “they also offer the whole package, which is housing with all of the support services needed to be successful.”

When Asha and Denya first met, both women professed that there was chemistry between them immediately. Now, two years later, they act like long lost friends, often times finishing each other’s sentences or giggling at one another as they begin to tell a story about one of their Study Buddy sessions together. They have met — almost without interruption — every Tuesday evening for 90 minutes for two years. They talk about their days, homework assignments, weekend plans and anything else that might be on the agenda. However, as Asha said, “after a little social time, we always get my homework done first!”

Denya has become much more than a weekly Study Buddy for Asha. She has become her sounding board and friend, offering Asha guidance and support as she deals with the messy issues of being a teenager. For Denya, she has learned so much about the Somali culture and has been a part of a special relationship that she could have never imagined. Together, they’ve developed a nurturing and respectful relationship in a consistent and loving environment created by the staff at Yorkdale. Asha feels cared for and valued, while Denya feels a sense of responsibility for Asha’s success and is her biggest cheerleader. Both women experience a sense of emptiness on the rare Tuesday night when they do not meet. As Asha said, “something just doesn’t seem right if I don’t see Denya during a week.” Of course, Denya’s head nods up and down in agreement as she listens to Asha’s comment.

In addition to her Study Buddy experience, Asha shared that her life at Yorkdale has been a very positive experience. Yorkdale has given her a stable and loving home which she states is “clean, neat, beautiful and convenient.” For Asha, the community at Yorkdale Townhomes has supplied her with all of the tools to be successful and she waits with great anticipation to graduation this spring and taking on the next new challenge. And, no one will be more proud than Denya.

“The new Advantage Center at Yorkdale has been a blessing. This space enables all of our Study Buddies to work at their own table, which really promotes the one-on-one experience. We also have the ability to host community events and reach out to more of the adult residents. The renovation of the townhomes and the addition of the Advantage Center is truly changing lives.”

— Desiree Guida
Advantage Services Program Coordinator / Yorkdale Townhomes
As the largest provider of affordable housing in the Upper Midwest, CommonBond Communities recognized long ago that the organizations we partner with were critical to our commitment to provide life-enhancing services to our residents. One of our key partners in providing exceptional youth programming is Camp Fire MN. The melding of these two organizations gives new meaning to how efficient and powerful a true partnership can be.

PARTNER SPOTLIGHT – CAMP FIRE MN

Camp Fire MN is well known for its delivery of high quality youth programs. The two key components to the delivery of these programs are community-based education and camp programs offered at two locations. The strength of these programs made them a natural organization to partner with CommonBond. As noted by Marnie Wells, CEO of Camp Fire MN, “the needs of children living in CommonBond housing units along with the program offering and expertise found at Camp Fire MN made it a natural fit.”

Each week, Camp Fire staff work with over 130 children at six CommonBond locations throughout the metro area. They forge deep and lasting relationships at locations convenient to the kids – the Advantage Centers located in their home communities. Historically, the two major barriers to providing much needed programs for kids in need have been financial and transportation. Together, these two organizations have removed these barriers for CommonBond families.

“My daughter loves Camp Fire because it gives her the chance to engage in new activities and build confidence. As an only child with no sibling, Camp Fire has provided an outlet where she can make many new and lasting friendships.”

— Helen Tekle / parent / Yorkdale Townhomes

The parents of these children see the value as well. According to Marnie, if you were to ask a parent of the children who participate in Camp Fire programs at the Advantage Centers, they would tell you that “they have seen improved behavior patterns with their children, their school work has improved due to the academic assistance after school and the children have learned to make friends, build strong relationships and help to create a sense of community within their CommonBond community.”

Both organizations are always looking at ways to improve and strengthen their partnership and are driven by a desire to improve the lives of youth by empowering them through safe, fun and nurturing environments.

“Together, we have created a model where expertise is shared to maximize limited resources for the benefit of one of our most important resources – our young people.”

— Marnie Wells / CEO / Camp Fire MN

The staffs of both CommonBond and Camp Fire MN work together seamlessly to ensure a consistent learning environment for the youth, while sharing resources when needed. They also work diligently to increase cultural awareness and create an environment where acceptance and tolerance towards all individuals is the norm. Both organizations believe strongly in their overlapping core values which include the value and respect of all individuals and the need to advocate on behalf of children, youth and families. By providing this ongoing educational and extracurricular programming within an actual CommonBond community, it demonstrates each organization’s commitment to delivering high quality programs to kids who are most in need. It’s what Marnie Wells calls “the magic formula.”
YORKDALE TOWNHOMES

CommonBond’s Yorkdale Townhomes property has been providing quality affordable townhomes to families in Edina for over 30 years. Yorkdale Townhomes consists of 90 family townhome units on 10 acres in Edina. The units are a mix of one, two, three and four bedroom townhomes with a long-term Project Based Section 8 contract which allows residents to pay 30% of their income toward rent. In 2012, new financing was obtained for comprehensive rehabilitation to preserve this very valuable family housing resource. Located in a vibrant, amenity-rich area on a prime transit corridor, these 90 townhome units are newly refurbished and energy efficient, thanks to the participation of private, city, state, county and local funders.

REHABILITATION

The townhomes were built in the mid-1970s. Through long-term wear and tear and deferred maintenance, the development had major capital needs, and lacked energy efficiency. The scope of work specifically included new energy efficient furnaces, water heaters, windows, doors, siding, roofing, interior doors, bathroom fixtures, kitchen cabinets and appliances, lighting, and new flooring. Durable, high-quality materials were utilized throughout. Significant upgrades and improvements to the exterior of the property resulted in enhanced visual appeal for the residents and for the surrounding area.

“Enterprise is pleased to join CommonBond and all the funding partners to provide a healthy, safe environment for hardworking Minnesota families through the newly-rehabbed Yorkdale Townhomes.”

— Charles Werhane
President and CEO of Enterprise Community Investment

Yorkdale Townhomes demonstrates new best practices in the area of substantial rehabilitation of occupied, affordable rental housing. This includes specific outcomes relating to retrofitting new elements into existing spaces, redesign of existing mechanical systems, refinancing strategies assuring long-term, comprehensive stabilization of the property, plus creating a comprehensive on-site resident service program.

IMPROVED ADVANTAGE SERVICE DELIVERY

CommonBond’s Advantage Services operated one of our largest service programs at Yorkdale in seriously inadequate facilities that were located in auxiliary spaces throughout the property. These former facilities hampered the service delivery and made it difficult to attract volunteers and to advertise the extensive life-enhancing services CommonBond provides to residents.

The construction of a new Advantage Center is a key outcome of the redevelopment. Expanded and improved program space is greatly enhancing CommonBond’s service delivery at Yorkdale, promoting greater resident stability, advancement and independence. The new Advantage Center includes a computer lab, offices, activity space and a community room with kitchen. Services have been expanded to include supportive services for Yorkdale’s five newly-created homes for long-term homeless families.

The rehabilitation also included a variety of energy-saving and Green elements which have resulted in significant savings and sustainability. Strategies include interior and exterior improvements as well as new Energy Star appliances, VOC finishes, low-flow fixtures and new energy efficient windows. Preserving existing affordable rental housing, efficiently reusing the structures and materials already in place and replacing deteriorated building elements with new, energy efficient materials is a high priority for CommonBond.

For more than 40 years, CommonBond has been weaving affordable homes into the fabric of communities throughout Minnesota and, more recently, Wisconsin and Iowa. With well over 5,000 apartment and townhome units in three states, CommonBond’s vision is clearer than ever that every person deserves a dignified, affordable home that supports independence and advancement within a flourishing community.

“As the largest provider of affordable housing in the Upper Midwest, CommonBond gives its residents the opportunity for a better quality of life.” — U.S. Senator Al Franken

### 325 DOORS OPENED IN 2012

With funding from the Open 4000 Doors campaign, CommonBond opened:
- Bii Di Gain Dash Anwebi, 47 apartments for seniors, Minneapolis, MN
- Ripple River, 32 townhomes for families, Atkin, MN
- Riverview, 42 apartments for seniors, Minneapolis, MN
- Brewery Point, 48 apartments for seniors, Milwaukee, WI
- The Meadows, 66 apartments for seniors, Cedar Rapids, IA
- Yorkdale Townhomes, 90 rehabbed townhomes for families, Edina, MN
IT ALL BEGAN WITH THE FIRST STEP

Six years ago, CommonBond Communities embarked on its first capital campaign with a goal of raising $21 million. The campaign was created to meet new organizational growth goals that included adding and preserving 4,000 units of housing; expanding the endowment for Advantage Services; and relocating the central office staff to new headquarters. CommonBond successfully completed the campaign in December 2012 having raised $21,065,120.

CommonBond is well on the way to reaching the goal of opening 4,000 doors having developed and preserved 2,052 since 2007. In addition to expanding our mission and outreach to more residents, this effort also transformed the organization. We gained national standing through our efforts to attract national funding and investment. We also advanced CommonBond’s visibility and brand and attracted new regional donors.

The keys to success were a compelling vision and reputation, a committed board combined with volunteer leadership, and broad community support.

CAMPAIGN HIGHLIGHTS

- Twenty-seven volunteers provided leadership to the campaign.
- 664 donors generously supported the campaign. 241 of them were new donors to CommonBond. Gifts ranged from $10 to $2.5 million.
- CommonBond’s board and former board of directors provided $5.4 million in support of the campaign.

We are truly grateful for this generosity.

* Deceased
Thank you to the following individuals, foundations, corporations, and organizations who have selflessly given their own resources to build strong futures for the residents of CommonBond Communities. Without donors like you, providing stable homes for CommonBond’s over 8,600 residents, and developing new homes for the 5,000 individuals and families on our waiting list, would not be possible. Our gratitude is abundant and ongoing as we continue to put your dollars to work building vibrant communities.

More than 1,150 individuals provided their gifts of strength, knowledge, hope, and time as volunteers for CommonBond Communities during 2012. Thanks to the time given by these volunteers, the equivalent of 11 full-time employees, CommonBond is able to provide life-enhancing services and resident experiences.

Individual volunteers, corporate and faith-based organizations all play an important role in the success of CommonBond. In addition to providing the skills necessary to complete group projects, our community partners often provide the supplies needed to fund our group volunteer events.

VOLUNTEER / SUPPORT / DONATE

CommonBond Communities’ growth and impact is possible because of the commitment of our partners, volunteers and supporters. Thank you for your interest and support.

We invite you to take part in our ongoing work. Please consider ways you would like to be involved in 2013.

- Sign up to be a Study Buddy to a CommonBond youth (other volunteer opportunities available)
- Request a tour of a CommonBond housing community
- Attend Birdies for Hope on September 10
- Spread the word about CommonBond
- Make a gift to the annual fund
- Consider a gift to CommonBond as a part of your estate plans
- Sign up to receive our e-newsletter

Yes! I want to support CommonBond Communities and the people it serves. Please send me information regarding:

☐ Volunteer opportunities
☐ Major event support
☐ Donations

Name ____________________________

Address _________________________________________________________________

Phone __________________________ Email ________________________________

If you would like more information about CommonBond Communities you can check out our web site at www.commonbond.org where you can also sign up to receive our newsletter.
